

Idaho Rush competitive boys and girls in the U11 and U12 age groups took over the town of McCall, Idaho, more specifically Pilgrim Cove Camp for the weekend of August 8-10. The annual camp was one for the records with over 150 players, chaperones and coaches in attendance. Our biggest camp to date!

The weekend began with the famous cross country run and team fitness on Friday night. Several long standing mile records were broken by our young runners; the longest held since 2005. Saturday brought the usual technical and tactical training sessions topped off by the evening's full sided scrimmages.

The highlight of the weekend is always the culminating 4v4 tournament on Sunday morning. This year's tournament did not disappoint the early morning crowd of parents that came to cheer the campers on. Of course, the best part of camp is the camaraderie enjoyed between teammates, coaches and chaperones and the time spent breathing the clean mountain air and playing in the cool water of Payette Lake after a long day on the fields.
